

Reservation and Table Management together with seamless interface with hoteware PMS helps tracking behavioral traits and preferences of guests providing high quality customer service whilst keeping financial controls at the highest possible level.

Restaurants, Bars and Retail Shops are of vital importance for almost any Hotel. Efficiency at these high revenue generating cost centers is an absolute must. Inefficiency at these outlets reflects directly to guest service with all the costly consequences. hotelware POS with its robustness, user friendliness and scalability is a sophisticated tool providing staff and management the means to support effectively their responsibilities and activities.

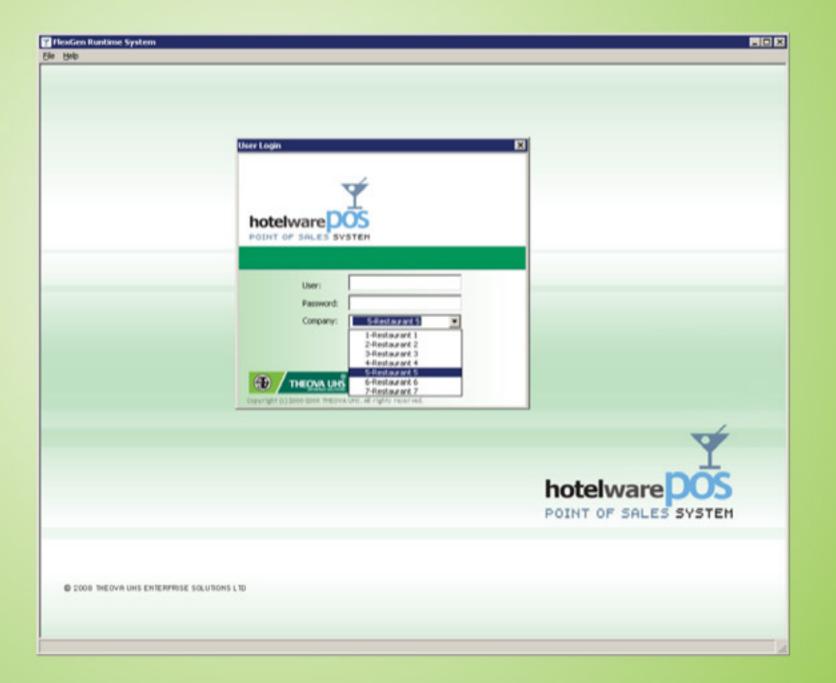

Seamless integration with hotelware PMS

hotelware POS, with its latest Touch Screen technology is suitable and cost effective for any operation ranging from small hotels to five star hotels or restaurants. Whatever is the need Dine-In or Fast Service hotelware POS, with its extensive customization facilities, is the POS ideal solution. Additionally because of its open architecture design hotelware POS is not limited by any proprietary hardware.

Powerfull Simple Reliable POS with a touch

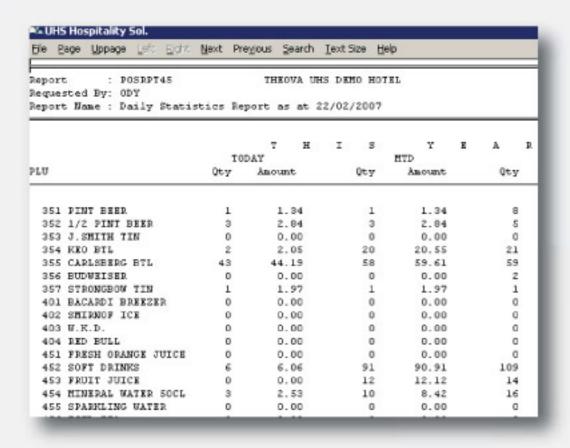

The Wireless Order entry through hand held devices coupled with the Remote Kitchen Printing guarantee that even a complicated order will be accomplished both timely and accurately. hotelware POS handles discounts, split billing,

Geared to guest service

open items, gratuity and happy hour operations effectively without affecting the level of control which is achieved though multi level user-defined security settings. Bills Check-Out is also flexible, quick and accurate providing bill settlement with any type of payment method. Full cashier audit facilities are provided offering complete traceability for any cash or other transaction.

The Back Office Manager module gives full user customization capabilities for table and menu management.

Modifiers, preparation instructions and different pricing **structures** are also user defined through the back office manager.
